

"NOW LET THE PEOPLE HEAR

what the great God has to say. The proof is conclusive that soon Jehovah will bring to the peoples of earth lasting peace, great prosperity, perfect health in happiness, and everlasting life. I ask you to give a hearing ear while I relate to you the Scriptural proof. I hope those who are sad may receive comfort when hearing this message."

This utterance was by Judge Rutherford, in his recent speech, first given over a national chain of 46 radio stations, and then repeated, because of popular demand, over a combination of more than 150 stations.

It is this message of relief and blessing for the people, not by man's hand, but by the kingdom of Jehovah God and his Christ, that makes Judge Rutherford's lectures distinctive and different from all other radio broadcasts. It is his backing up of each statement with Scriptural proof as well as fact that convinces hearers that they are listening to no man's message, but to the reliable message of God's own Word.

From the books written by this noted speaker (the circulation of which has now passed beyond 150,000,000 copies, in 58 languages) note some excerpts below:

"SO LONG HAVE THE PEOPLE LIVED under the cruel lash of imperfect rulers that they wonder if it will ever be thus. The Scriptures answer, No; but, on the contrary, God's kingdom under Christ will be a righteous government and no imperfect men will have anything to do with the rulership or any opportunity to oppress their fellow man. (Dan. 2:44)"
—*Escape to the Kingdom*, page 48.

"THE COMMERCIAL SITUATION CONTINUES to grow worse, the suffering of the people increases, and the clergy falsely tell the people that God is sending these calamities upon them because of their unfaithfulness to 'organized Christianity'. Satan is the one chiefly responsible for the terrible conditions now existing, and he is causing his agents, the clergy, to falsely charge God therewith, in order that the people may be turned away from Jehovah."—*Vindication*, Book I, page 71.

"THE NEXT GREAT EVENT is the battle of Armageddon, which will result in the destruction of Satan's organization. In the meantime God is causing this truth to be told to the nations as a witness, that those who desire to do so may take their stand on God's side and be brought through that great battle and be the first to receive the blessings of the Kingdom."—*Escape to the Kingdom*, page 46.

NO PRIVATE INTERPRETATION!

"Jehovah employs his own good way to conceal his purposes until his due time to make them known. Before that time no one can understand them. His purposes concerning man are set forth in His Word and

are often stated in such cryptic language that no man can decipher them. In his due time Jehovah brings to pass events in fulfillment of these dark sayings and then permits those who love him to understand them. Jehovah caused the Bible to be written by his holy men of old and they wrote as the spirit of God moved them to write. The Bible is therefore his Word of truth."—*Preservation*, page 11.

"THERE MUST BE ONE MORE WAR to clean out the wicked organization of Satan, and that is the war of the great day of God Almighty, or Armageddon. It is made necessary because Satan holds the people in subjection and defies Jehovah God and earth's rightful King. . . . With the conclusion of the battle of Armageddon there will never be another war, but peace will abide on earth for ever."—*Escape to the Kingdom*, page 49.

"JEHOVAH GOD HAS MADE PROVISION FOR EVERY NEED of the people, and these life-giving things will be held out to them. . . . Jehovah provides by and through the kingdom for the shelter and protection of his people and for medicine to heal the sick, none of which shall be administered by quacks or professional frauds, but will be administered under the ministration of the great Physician, Christ Jesus. . . . The establishment of the people on earth will be entirely just and righteous. . . . The real estate sharks will be unknown in the kingdom. . . . All those who have died will come forth from the tomb. . . . It seems certain that there are millions now living that will never die. These will be scattered in various portions of the earth, when the great day of Armageddon is over."—*Vindication*, Book III, pages 323-331.

CAN SUCH THINGS BE TRUE?

You may be pleased or offended, amused or impressed, consoled or skeptical, as to the foregoing. Still you are interested, we hope, to want to "prove all things" and to 'search the Scriptures whether those things are so'. None but the books written by Judge Rutherford point you to these and other truths which writers generally can not and dare not tell, being bound by bigotry, church creed, money, or fear of man. You will want these books, therefore, particularly the above-quoted ones, *Vindication* (three books) and *Preservation*. Beautifully bound, embossed and stamped in gold, illustrated, indexed, and each containing 354 or more pages, these books are a treasure trove and a priceless blessing. *Escape to the Kingdom* is the latest 64-page booklet. To make these your own, use the coupon overleaf.

"THIS IS DONE AT THE COMMANDMENT OF THE LORD AND HENCE MUST BE DONE REGARDLESS OF ALL OPPOSITION," said Judge Rutherford in answering critics and opponents, in his latest series of coast-to-coast chain broadcast programs, 104 stations. The Almighty God's time for his truth to go to the people by radio as well as by books is here! To Him therefore is due all the credit that, notwithstanding great efforts recently of enemies of truth to force Judge Rutherford off the radio, you may still hear the 15-minute Watchtower programs, featuring his speeches, on the following stations in the north-central section of the United States, and other sections.
