**MINISTERS COMING TO LONDON**

Thousands of Christian ministers will soon be pouring into London by car, train, coach and plane. Are you aware of this mass movement and its purpose? Do you know what they will do and what they expect to gain by their visit? They are coming to attend the "Triumphant Kingdom" Assembly of Jehovah's Witnesses at the Rugby Union Ground, Twickenham, July 27 to 31. Their gain will not be financial, because they come at their own expense and they are bringing their families with them. However, they are confident they will not return home empty-handed. Why? Because the convention programme is designed to bring them something of lasting enrichment. How? By turning the attention of all those in attendance to the source of true wealth, God's Word, the Holy Bible.

Instead of fruitless wrangling over personal interpretation, instead of endless debates and forum discussions, instead of political campaigning for election of "church" officials, the entire programme of the "Triumphant Kingdom" Assembly will be devoted to sensible and practical Bible talks and Christian worship. The talks will centre on gospel-preaching, godly living and the Christian New World society. Speakers will be competent officials of the Watch Tower Bible and Tract Society and other mature ministers, all of whose lives are devoted to God's service and who are seasoned by years of practical Christian experience.

**BIBLE PROGRAMME OF BENEFIT TO ALL**

Young and old, men and women, all will find much material to apply in their own daily lives, to increase their appreciation of God's promises and better equip them for their own ministerial activity. Whether you are a minister or not, all sessions of this assembly will greatly benefit you. They will renew your hope, acquaint you with God's gracious provisions for blessing people of all nations and increase your faith for the future. A cafeteria, operated by the convention, will make it possible for you to stay and enjoy the entire day's activities. All sessions are free and are open to the public. Come and bring your friends.

Our sincere thanks are extended to the many thousands of London householders who have kindly offered to accommodate the convention delegates in their homes. The 25,000 accommodations listed bear fine testimony indeed to London's hospitality.

## WEDNESDAY

At the opening session of the convention the president of the Society, N. H. Knorr, will deliver the keynote address, "The Triumphant Message of 'The Kingdom.'" In the evening, stirring personal counsel for every Christian will be extended to emphasize right works and need for individual Bible study.

## THURSDAY

On Thursday you can hear the Watch Tower's president outline the qualifications for the ministry. Remain for the evening, too, and learn how activity in God's service is the way to life; inactivity, the way to death. It may change your own course in life.

## FRIDAY

Friday is certain to be a stimulating day for all, from the baptism in the morning to the talk of special importance by N. H. Knorr at the close of the day's activity. It is concerned with the thinking of the people and the forces governing the nations. To miss it is to miss serious counsel affecting your Christian welfare.

## SATURDAY

What of Saturday? You will want to hear the encouraging and revealing message by N. H. Knorr, "Jehovah Is in His Holy Temple." The vice-president of the Watch Tower Society will bring the day to a close with heart-warming information of vital significance to all God-fearing people.

## SUNDAY

Your interest will not wane with the final day's programme, for Sunday F. W. Franz will again speak to the assembly, this time pointing to the Christian's place of security. The high point of the assembly is reached with the widely advertised public talk, "World Conquest Soon—by God's Kingdom," to be delivered by N. H. Knorr. You will be faced squarely with *the* issue of our times and then shown the way God's Word outlines the results. You will be faced with reality yet left with peace of mind. Stay for the balance of the programme when the Society's president brings the happy assembly to a conclusion with encouraging remarks for all.
