**TAKE CARE OF YOUR RECORDS**

Always handle your records with great care. Avoid touching the playing surfaces.

Replace the record in its envelope and jacket immediately after each use. Records should be cleaned periodically by wiping lightly with a soft clean slightly damp cloth.

Store records away from heat and extreme cold. To avoid warpage, lay them flat or stand them vertically on edge, not leaning on an angle.

Be sure your pickup stylus is in good condition. A worn or chipped stylus may permanently damage your records and will certainly impair the quality of reproduction.
