HOW TO USE THIS SCRIPTURE INDEX

VALUE

Jehovah's Witnesses are happy to provide this *Index* of videos made in American Sign Language (ASL) from 1992 to 2011. The videos listed in this *Index* are found at the bottom of page 2.

This *Index* will be very helpful for preaching, preparing talks, and personal study. It will also be helpful for family guidance and the situations of everyday life.

This *Index* has been specially prepared to help you find specific chapters and paragraphs in the ASL DVDs and Web videos. It contains an Index of Scriptures Explained and an Index of Scriptures Quoted, which shows where to find scriptures that have been quoted in ASL. An Index of Subjects is not included in this edition.

INDEX OF SCRIPTURES EXPLAINED

This section lists scriptures with references to information explaining what a scripture means, its background, why the scripture was written, or the meaning of some Hebrew or Greek words.

How to Find Information About What a Scripture Means. Some references list several paragraph numbers; for example, *bh-5 19:20-23*. Even though every paragraph may not explain the scripture you are researching, watching all the paragraphs listed will provide helpful information.

INDEX OF SCRIPTURES QUOTED

This is a list of signed scripture quotations in the ASL videos that have been translated from the *New World Translation of the Holy Scriptures*. Some verses are only partially signed. Some verses have more than one reference because different parts of the verse are signed in different places. Number symbols (#) indicate that the verse is from a dramatic Bible story. Part of the verse may be signed by people in costume and may have extra information not found in the Bible.

EXPLANATION OF REFERENCES

Order of References. References are listed from the newest to the oldest video. References to *The Watchtower* are listed from the first issue to the last issue of the year. The abbreviation for each video is found on page 2.

If a video has only one volume or disc, no disc number is shown. Examples of this are *gf*, *kp*, *rq*, and *sp*. If a DVD has more than one disc, the disc number is shown with the abbreviation of the video. Examples of this are *bh-5*, *fy-2*, and *gt-9*. If references are separated by a semicolon (;), they are on a different disc. If references are separated by a comma (,), they are on the same disc.

Boxes, Charts, and Lists. Some references include the word "box," "chart," or "list" to show that the video has additional information. To find this information, look at the number before the word "box." The box will be

in or after that paragraph; for example, *fy-2* 4:22 **box**. On the video, the box will appear after paragraph 22. However, if using the DVD, you can go directly to the menu page for that chapter or lesson to access the box, chart, or list.

We hope that this *Index* will help you as a student of the Bible to “walk worthily of Jehovah to the end of fully pleasing him as you go on bearing fruit in every good work and increasing in the accurate knowledge of God.”—Col. 1:10.

Below are examples of references and how to find the information on the video.
